

**Halifax Fund Bids Approved**

- 1) Flag Pole update. RMBC planners have just advised that if the flagpole is only used for flying national and county flags( the intention behind this bid) it no longer needs planning permission due to a recent change in the legislation. Nev Eaton has been approached to see if, due to the work he has put into researching the bid, he wishes to see the bid through to conclusion. It is proposed that should he not wish to pursue the bid or for some other reason be unable to continue with this the Parish Council should nominate a “Project Manager” to carry the project to completion. Members views are sought on this and nominations invited.
- 2) The Well Dressing was a great success and the final accounts and receipts have now been presented. The original grant was for £400 but there was an underspend of £30.04. A cheque for that amount has been provided by the Parochial Church Council to be paid back to the Halifax Fund.
